J-1 Visa Eligible (Internship)

## EDUCATION

---

**University of Granada (ARWU World Rank 51-75 for Artificial Intelligence) | Granada, Spain**

***Masters in Data Science and Computer Engineering***

**Expected Jun. 2026**

- **Relevant Courses:** Big Data, Soft Computing, Neural Networks and Metaheuristics, Time Series, Computational Biology, Image Feature Extraction, Social Network Data mining
- **Thesis (ongoing):** Textual and contextual credibility analysis in Reddit using Machine Learning

***B.S. in Computer Science specialization in Software Engineering and Information Systems***

**Jun. 2025**

- **Relevant Courses:** Data Structures, Web Development, Database Administration, Algorithms and Artificial Intelligence, Server Engineering
- **Study Abroad:** Hradek Králové University, Czech Republic (Erasmus+ Scholarship), awarded prize for excellence during internationalization

## TECHNICAL SKILLS

---

**Languages:** Python (Pandas, Sklearn, Keras), R (tidyverse), C++, Java, Bash, CSS, HTML

**Tools and Frameworks:** React.js, Docker, PyTorch, Git, SQL, MongoDB

## RELEVANT EXPERIENCE

---

**Constella Intelligence | Granada, Spain**

**Oct. 2024 - May 2025**

*Software Engineering + Data Engineering Intern*

- Worked on a Docker multi-container proprietary web tool which implemented and supervised an ETL Apache Airflow pipeline that processes the world's largest breach data lake.
- Developed python data mining scripts for multi-format leaks from the deep web (Regex, pandas).

## PROJECTS

---

**News Analyzer | Bachelor's Final Thesis**

**Jun. 2025**

- Developed a dockerized web application that extracts data from PRAW and Google News API and performs topic, sentiment and disinformation analysis using a naive bayes classifier and zero-shot LLMS (GPT4 API)

**Whatsapp Analyzer | Personal Project**

**Jul. 2025**

- Developed a WhatsApp chat parser using Python (Pandas/NLTK)
- Generated interactive HTML reports visualizing user metrics

## LANGUAGES

---

**Language proficiency**

- Spanish: Native
- English: Cambridge C1
- French: DELF B1
- Japanese: Basic
